

Welcome to tonight's City Council meeting!

The elected officials of the City of Bonners Ferry are appreciative of an involved constituency. Testimony from the public is encouraged concerning issues when addressed under the Public Hearing portion of the agenda. Any individual who wishes may address the council on any issue, whether on the agenda or not, during the Public Comments period. Normal business will preclude public participation during the business portion of the meeting with the discretion left to the Mayor and Council.

Vision Statement

Bonners Ferry, "The Friendliest City", strives to achieve balanced growth, builds on community strengths, respects natural resources, promotes excellence in Government, and values quality of life.

EXECUTIVE SESSION PURSUANT TO IDAHO CODE 67-2345, SUBSECTION 1

Consider hiring a public officer, employee, staff member or individual agent.

- (a) Consider the evaluation, dismissal or disciplining of, or to hear complaints or charges brought against, a public officer, employee, staff member or individual agent, or public school student.
- (b) Conduct deliberations concerning labor negotiations or to acquire an interest in real property which is not owned by a public agency.
- (c) Consider records that are exempt from disclosure as provided in chapter 3, title 9, Idaho Code.
- (d) Consider preliminary negotiations involving matters of trade or commerce in which the governing body is in competition with governing bodies in other states or nations.
- (e) Communicate with legal counsel for the public agency to discuss the legal ramifications of and legal options for pending litigation, or controversies not yet being litigated but imminently likely to be litigated.
- (f) Engage in communications with a representative of the public agency's risk manager or insurance provider to discuss the adjustment of a pending claim or prevention of a claim imminently likely to be filed.

ADJOURNMENT

NEXT MEETING DATE

INFORMATION

18. City – AIC Annual Conference June 18 through June 20, 2014
19. Electric – ICUA Annual Meeting in Boise from July 22 to July 24, 2014 (attachment)

HOLD HARMLESS AGREEMENT, WAIVER, AND RELEASE

***** INITIAL EACH PARAGRAPH, SIGN AND RETURN THIS DOCUMENT WITH YOUR APPLICATION*****

***** PLEASE RETAIN A COPY FOR YOUR RECORDS *****

ACTIVITY: July Fourth Parade

[Signature] In consideration for being permitted by the City of Bonners Ferry, Idaho to participate in the above activity, I hereby waive, release, and discharge any and all claims for damages for personal injury, death, or property damage which I may have or which may hereafter accrue as a result of my participation in said activity. This release is intended to discharge and indemnify, in advance, the City of Bonners Ferry, Idaho (its officers, employees, and agents) from and against any and all liability arising out of or connected in any way with my participation in said activity, even though that liability may arise out of negligence or carelessness on the part of the City of Bonners Ferry, Idaho (its officers, employees or agents).

[Signature] I further agree that this hold harmless agreement further binds any corporation, person and/or entity which I may own, represent or be an agent for, throughout the activity, to include preparation and conclusion activities. It is my express intent that this Acknowledgement of Risk and Waiver of Liability shall serve as a release, discharge and assumption of risk for my heirs, estate, executor, administrator, assignees and all members of my family

[Signature] I understand that the above activity may be of a hazardous nature and/or include physical and/or strenuous exercise or activity, that serious accidents occasionally occur during the above activity; and that participants in the above activity occasionally sustain mortal or personal injuries and/or property damages as a consequence thereof. Knowing the risks involved, nevertheless, I have voluntarily applied to participate in said activity, and I hereby agree to assume any and all risks of injury or death and to release, indemnify and hold harmless the City of Bonners Ferry, Idaho (its officers, employees, and agents) who through negligence, carelessness, or any other act or omission might otherwise be liable to me. I further understand and agree that this waiver, release, and assumption of risks is to be binding on my heirs and assigns.

[Signature] I further agree to indemnify and to hold the City of Bonners Ferry, Idaho (its officers, employees and agents) free and harmless from any loss, liability, damage, cost, or expense which they may incur as a result of any injury and/or property damage that I may sustain while participating in said activity.

[Signature] I HAVE CAREFULLY READ THIS HOLD HARMLESS AGREEMENT, WAIVER, AND RELEASE AND FULLY UNDERSTAND ITS CONTENTS. I AM AWARE THAT THIS IS A RELEASE OF LIABILITY AND A CONTRACT BETWEEN THE CITY OF BONNERS FERRY, IDAHO, AND MYSELF AND I SIGN IT OF MY OWN FREE WILL. (Each participant / vendor must personally sign).

Eco Solution Q

Eco Solution Q premium branded nylon is Cradle to Cradle certified and can be recycled into more Eco Solution Q, again and again. It contains a minimum of 45%* recycled content, utilizing an average of 23 million pounds of recycled content annually. Requiring 18% less energy to make than nylon 6,6, it's efficient too. And, with one of the largest DPFs (denier per filament) in the industry at 24, as well as the strongest tensile strength, Eco Solution Q offers exceptional performance. It's what you should expect from a manufacturer that understands the demands placed on commercial carpet.

ECO SOLUTION Q EVERGREEN

Eco Solution Q

At Shaw, our product solutions are proof of our commitment to a sustainable future. By utilizing the philosophy of Cradle to Cradle in the development of products such as Eco Solution Q®, we're helping our communities and our planet by diverting waste from landfills and reducing the amount of raw materials we use in the production cycle.

Eco Solution Q is a premium branded fiber from Shaw Fibers, the largest producer of solution dyed nylon. It contains a minimum of 45%* recycled content. And, as a Cradle to Cradle product, EcoSolution Q is fully recyclable back into carpet fiber through depolymerization. This means that Eco Solution Q can be recycled in a continuous loop again and again, forever. Today, Eco Solution Q utilizes an average of 23 million pounds of recycled content annually. This amount will continue to increase as production levels rise. And Eco Solution Q has been fully assessed by the MBDC protocol to ensure it is safe for human health.

Not only is Eco Solution Q better for you and the environment, it actually performs better too. Eco Solution Q sets new benchmarks in durability and tensile strength. At Shaw, we understand the demands placed on carpet, and we will continue to stand by our product with exceptional warranty coverage you can trust.

Shaw is a vertically integrated company, which means we control all aspects of our carpet production. We are able to guarantee quality at each step of the manufacturing process, from raw material to the delivery of your carpet. Eco Solution Q is just one of the ways we're working to provide you with a better product, without compromising our communities and our planet.

*Recycled content is based on allocated nylon fiber from Shaw's total nylon fiber production and determined as a percent of total Eco Solution Q output. Actual recycled content in this product will likely vary.

Easy Street Plank

Features

Our first product in the new VersaFit line, Easy Street is a 6"x48" plank available in six colors with a Superior classification. Its extremely fashionable designs range from contemporary to rustic and feature deep embossing for fool-the-eye realism. Easy Street's beautiful styles and rich colors reflect our award-winning hardwood collections.

At 4mm thick, Easy Street has a commercially rated 20mil wear layer coated with ArmorBead finish— making it Shaw Resilient's top-of-the-line offering.

More Benefits

- Simple, quick installation, thanks to VersaFit technology
- Easy to maintain and repair
- Water resistant
- This new grouping of Luxury Vinyl Planks offers loose-lay installation and provides the option for a perimeter-glue or full-spread installation.

Residential Resilient Array-LVT Products Limited Warranty

Products

Shaw warrants the Shaw Array- LVT floor products to be free from manufacturing defects for a specified length of time from the date of purchase as set forth below.

Replacement/Repairs

Shaw reserves the right to repair any floor and/or to use its own source to obtain an installer for replacement flooring. If Shaw repairs or replaces a floor as a result of a warranty claim, it is the customer's responsibility to be clear, at their own expense, any items placed over the affected areas subsequent to the original installation. In the event that Shaw repairs a floor, this warranty shall remain in effect with respect to such floor.

Coverage

This warranty covers manufacturing defects, delaminating, loss of original pattern and color due to fading or wear, when the flooring is subject to normal residential use, provided the flooring covered by this warranty is installed and maintained according to the instructions included in the sold package. All StaTite floating product joints are warranted to be Water Tight!

Terms for Warranty

Within One Year— If a defect covered by this warranty is found and reported to the merchant from which the floor was purchased in writing within one year of purchase, Shaw will supply new flooring material of similar color, pattern and quality to replace the defective area. Shaw will also pay reasonable labor costs if professional installation was paid for when the floor was originally installed.

Within Two Years — If a defect covered by this warranty is found and reported to the merchant from which the floor was purchased in writing after one year but within two years of purchase, Shaw will supply new flooring material of similar color, pattern and quality to replace the defective area. Shaw will also pay fifty percent of reasonable labor costs if professional installation was paid for when the floor was originally installed.

After Two Years — If a defect covered by this warranty is found and reported to the merchant from which the floor was purchased in writing after two years but within the warranty period specified below, as applicable, Shaw will supply new flooring material of similar color, pattern and quality to replace the defective area. Shaw will not pay labor costs. In case of questions regarding the terms for warranty, please contact our Shaw Information Center at # 1.800.441.7429.

Exclusions

The following are not covered by this warranty:

- o Darker, solid colors naturally show more scratches and dirt and require more maintenance. We cannot warrant the product against such claims.
- o We will not accept shading claims for an overall white floor with touching white planks or tiles.
- o Damage caused by fire, flood, moisture intrusion caused by emissions from subfloor, intentional abuse, damage caused by vacuum cleaner beater bar, indentations or damage caused by improper rolling loads, chairs or other furniture not using proper floor protectors or caster wheels, and cutting from sharp objects, asphalt staining and staining from rubber mats, surface scratches, changes in color or sheen appearance when exposed to a natural light source, exterior application or loss due to inconvenience, loss of time, incidental expenses or consequential damages.
- o Minor shading, color or texture differences between samples and delivered product
- o This warranty is void if prior to installation, Shaw floors are not acclimated to room temperature (between 65°F and 85°F) at job site between 24 and 48 hours and if post-installation, Shaw floors are not continuously maintained at such temperature.

Some states do not allow the exclusion or limitation of incidental or consequential damages so that the above limitation and exclusion may not apply.

Your warranty gives you specific legal rights, and you may have other legal rights, which vary, from state to state. This warranty is in lieu of any other warranties, expressed or implied. Please keep your receipt. Shaw needs the receipt in order to verify date of purchase to help resolve any problems.

Warranty Owner

This Warranty applies only to a resident homeowner who is the original purchaser of the Shaw LVT floor products, not to any subsequent homeowner. For details please contact our customer support department. This warranty shall not include loss of time, inconvenience, incidental expenses (such as telephone calls, labor and/or materials) incurred in the removal or reinstallation of the affected material, and any other incidental or consequential damages.

Light Commercial / Commercial Applications:

Shaw Resilient Array products offer the following warranties.

15 year residential / 5 year light commercial
25 year residential / 7 year light commercial
30 year residential / 10 year light commercial
Lifetime residential / 15 year commercial

Specific warranty information is available by product on shawfloors.com

Below is a partial list and intended to be used as guidelines for selecting Commercial / Light Commercial Applications. Evaluate each job separately. Light Commercial implies light traffic and residential cleaning practices. Commercial implies high foot traffic as well as routine and scheduled maintenance protocols for the product.

Light commercial applies to 6, 8 and 12 mil wear layer products. Commercial applies to 20 mill wear layer products

DESCRIPTION: 200 TPS ADHESIVE FOR LUXURY VINYL TILE & PLANK: Shaw 200 Luxury Vinyl Tile & Plank Adhesive is an advanced resin based, cross-linking pressure sensitive adhesive featuring high aggressive peel and shear strength. This solvent-free, non-flammable, easy troweling product provides excellent installations for tile-over-tile applications, luxury vinyl tile and plank, solid vinyl tile and plank, and vinyl composition tile over both porous and non-porous surfaces. Shaw 200 Adhesive has low odor, is freeze/thaw stable and is very quick and easy to use.

Shaw 200 Adhesive demonstrates excellent water and alkali resistance and may be used with confidence over a variety of flooring materials. Acceptable subfloors include on, above, or below grade moisture free concrete, APA approved plywood underlayment, terrazzo and existing well adhered tile and sheet goods. Plasticizer migration resistance allows installation of a broad variety of vinyl floor products.

RECOMMENDED TROWELS

Type of Installation	Trowel Size* and Notch	Coverage
Porous substrates: Vinyl Tile & Plank	1/16" x 1/16" x 1/16" sq	Up to 250 sq. ft./gal
	1.6mm x 1.6mm x 1.6mm sq	Up to 6.1 sq. meters/liter
Porous substrates: Solid Vinyl Sheet Goods	1/16" x 1/32" x 1/32" U	Up to 350 sq. ft./gal
	1.6mm x 0.8mm x 0.8mm U	Up to 8.6 sq. meters/liter
Non-porous substrates: Vinyl Tile & Plank	1/16" x 1/32" x 1/32" U	Up to 350 sq. ft./gal
	1.6mm x 0.8mm x 0.8mm U	Up to 8.6 sq. meters/liter
Non-porous substrates: Solid Vinyl Sheet Goods	1/16" x 1/32" x 5/64" U	Up to 400 sq. ft./gal
	1.6mm x 0.8mm x 2mm U	Up to 9.8 sq. meters/liter

*Trowel dimensions are width x depth x spacing. Coverage is approximate and may vary depending on porosity of substrate and the angle at which the trowel is held. *It is the installer's responsibility to apply the proper amount of adhesive for the job condition.*

INSTALLATION: Surfaces to be bonded must be free from moisture, wax, dirt, grease, oil, paint, rust or other substances that might interfere with a good bond. Subfloor must be smooth and fully adhered. This adhesive is not recommended for use over concrete slabs where hydrostatic pressure, excessive moisture or alkali exists. Moisture level of concrete must be below 5 pounds per 1,000 square feet per 24 hours using an anhydrous calcium chloride test kit according to ASTM F-1869 test method, or below 85% relative humidity as measured by the ASTM F-2170 test method. The pH level of the concrete should be between 5 and 9. Both the adhesive and surfaces to be bonded must be maintained at a temperature of 65° – 95° F (18.3° – 35.0° C) and between 30% and 60% relative humidity for 72 hours before, during and after installation.

i) Non-Porous Surfaces – Sheet Goods: When installing sheet goods over non-porous surfaces, use the recommended trowel (see trowel chart). Back roll the wet adhesive with a 3/16" nap roller immediately after spreading and allow the adhesive to set open until dry to touch. (Dry to touch is tacky but no transfer to fingers). Time required will vary with ambient conditions. After installation is complete, roll and cross roll with a 100 lb. sectional roller. Use hand roller in areas which cannot be reached with larger roller. Check 1 – 2 hours after installing flooring material and roll again if necessary.

ii) Non-Porous Surfaces – Tile & Plank: Apply Shaw 200 Adhesive with the recommended trowel (see trowel chart), allow to dry completely from yellow to tan, and lay in the tile or plank according to the flooring manufacturer's instructions within 3 hours. The highly aggressive pressure sensitive grip prevents slippage and minimizes seam gaps. Drying time is 45-90 minutes and will vary due to installation site temperature and humidity. Installation over areas of incomplete drying can result in job failure. After installation is complete, roll and cross roll with a 100 lb. sectional roller. Use hand roller in areas which cannot be reached with larger roller. Check 1 – 2 hours after installing flooring material and roll again if necessary.

iii) Porous Surfaces: Shaw 200 Adhesive may be used either wet or as a pressure sensitive adhesive over porous surfaces. To use wet, apply adhesive with the recommended trowel (see trowel chart) and allow to flash off for 5-10 minutes before installing flooring. Lay tile or plank into wet adhesive according to flooring manufacturer's instructions. Adhesive must transfer to floor product to ensure proper bond. To use as a pressure sensitive adhesive, allow to dry to a tacky state, then install flooring according to flooring manufacturer's instructions within 3 hours. If installing sheet goods, back roll wet adhesive with a 3/16" nap roller immediately after spreading. After installation is complete, roll and cross roll with a 100 lb. sectional roller. Use hand roller in areas which cannot be reached with larger roller. Check 1-2 hours after installing flooring material and roll again if necessary.

PHYSICAL PROPERTIES

VOC's: Negligible
 Base: Amide-Ester-Acrylate Resin Blend
 Appearance: Smooth, creamy, easy to trowel. Yellow when wet, tan when dry.
 Working time: Three hours depending on temperature and humidity.
 Shelf life: One year in unopened container at 70° F (21.10° C).
 Flammability: Non-flammable. Meets NFPA Class A and UBC Class 1 as determined by ASTM E-84 and also passes the pill test.
 Other features: Waterproof when cured, VOC compliant, freeze/thaw stable to 10° F (-12.22° C). While this adhesive is freeze-thaw stable, it is still necessary to protect from freezing. Made with Meta-Sept® anti-microbial agents that will provide its wet and dry films with protection from fungal growth. This protection is determined using the ASTM G21 test method.
 Clean up: When wet, use warm water, when dry, use Taylor Touchdown #9 Adhesive Remover/Stripper.

CAUTION: DO NOT take internally. If swallowed, DO NOT induce vomiting. Call a physician immediately. KEEP OUT OF REACH OF CHILDREN.

WARRANTY INFORMATION: This product is manufactured according to exacting quality control standards and is warranted to be free from manufacturing defects. Defective material called to our attention within one year of manufacture will be replaced. No guarantee, expressed or implied, is made regarding the performance of this product since the manner and conditions of application are beyond our control. For complete warranty information, call SHAW Tech Services at 800-441-7429. You may also visit us on the web at: www.SHAWfloors.com

MEMO

CITY OF BONNERS FERRY
CITY ADMINISTRATOR

Date: 13 June 2014
To: City Council
From: Stephen Boorman, City Administrator
Subject: Electric Meter Order.

This memo is to recommend that the City purchase electric meters per the attached quote. The City has over time been installing meters that can be read remotely with a handheld unit. We chose to go with Itron, a Spokane based company and started with the installation of the water meters. This technology use an electronic radio transmitter (ERT) placed in the meter to transmit the meter data to the handheld.

At this time essentially all of our water meters are "ert'ed" and we have done several hundred of our electric meters. This order is for (240) standard residential electric meters, (96) 200 amp three phase meters, and (120) standard residential electric meters with a remote disconnect. Note, the 96 three phase meters will be enough to replace all of our 200 amp three phase meters.

MEMO

CITY OF BONNERS FERRY
CITY ADMINISTRATOR

Date: 15 May 2014
To: City Council
From: Stephen Boorman, City Administrator
Subject: Annual Contracts.

Attached is an annual contract for Alan Flory Logging. We primarily use Alan for brushing work on the dike and we would like to use him for brushing on Cow Creek Road.

STB

INDEPENDENT CONTRACTOR AGREEMENT

AGREEMENT made between City of Bonners Ferry, a political subdivision of the state of Idaho, herein "ENTITY" and Alan Flory Logging 290-2417 herein "CONTRACTOR",

THE PARTIES AGREE AS FOLLOWS:

1. **CONTRACT:** ENTITY hereby employs CONTRACTOR as an independent contractor to complete and perform the following project and work:

Right-of-way clearing, misc logging, and other brushing.

CONTRACTOR agrees to provide all materials and services for the project in accordance with the attached written specifications.

As provided by the City at time of work.

2. **TIME OF PERFORMANCE AND TERMINATION:** Parties agree that:

CONTRACTOR shall commence work on the project by _____, 20____ and complete the project by _____, 20____.

CONTRACTOR will commence work on the project on _____, 20____ and continue until this Agreement is terminated by _____ days written notice by either party.

CONTRACTOR will work at various times as directed by the City from 1 June 2014 and continue until 31 December 2014 unless this Agreement is terminated with thirty (30) days written notice by either party.

3. **COMPENSATION:** ENTITY agrees to pay CONTRACTOR as compensation:

The sum of \$ 120, per hour for Excavator with brush head work.

The sum of \$ 45, per hour for Sawyer and brush removal labor.

The sum of Actual Cost, for Lowboy time to move excavator.

Total not to exceed _____ See attached bid proposal.

4. **INDEPENDENT CONTRACTOR:** The parties agree that CONTRACTOR is the independent contractor of ENTITY and in no way an employee or agent of ENTITY and is not entitled to workers compensation or any benefit of employment with the ENTITY. ENTITY shall have no control over the performance of this Agreement by CONTRACTOR or its employees, except to specify the time and place of performance, and the results to be achieved. ENTITY shall have no responsibility for security or protection of CONTRACTOR'S supplies or equipment. CONTRACTOR agrees to pay and be responsible for all taxes due from the compensation received under this contract.

5. **WARRANTY:** CONTRACTOR warrants that all materials and goods supplied under this Agreement shall be of good merchantable quality and that all services will be performed in a good workmanlike manner. CONTRACTOR acknowledges that it will be liable for any breach of this warranty.

6. **INDEMNIFICATION:** CONTRACTOR agrees to indemnify, defend, and hold harmless ENTITY, and its officers, agents and employees, from and against any and all claims, losses, actions, or judgments for damages or injury to persons or property arising out of or in connection with the acts and/or any performances or activities of CONTRACTOR, CONTRACTOR'S agents, employees, or representative under this agreement.

7. **INSURANCE:** CONTRACTOR agrees to obtain and keep in force during its acts under this agreement a comprehensive general liability insurance policy in the minimum amount of \$1,000,000 which shall name and protect CONTRACTOR, all CONTRACTOR'S employees, ENTITY and its officers, agents and employees, from and against any and all claims, losses, actions, and judgments for damages or injury to persons or property arising out of or in connection with the CONTRACTOR'S acts. CONTRACTOR shall provide proof of liability coverage as set forth above to ENTITY prior to commencing its performance as herein provided, and require insurer to notify ENTITY ten (10) days prior to cancellation of said policy.

8. **WORKER'S COMPENSATION:** CONTRACTOR shall maintain in full force and effect worker's compensation for CONTRACTOR and any agents, employees, and staff that the CONTRACTOR may employ, and provide proof to ENTITY of such coverage or that such worker's compensation insurance is not required under the circumstances.

9. **COMPLIANCE WITH LAWS:** CONTRACTOR agrees to comply with all federal, state, city, and local laws, rules and regulations.

10. **ENTIRE AGREEMENT:** This is the entire agreement of the parties and can only be modified or amended in writing by the parties.

11. **ATTORNEY FEES:** Reasonable attorney fees shall be awarded to the prevailing party in any action to enforce this Agreement or to declare forfeiture or termination of this Agreement.

April 16, 2014

Dear Friend of ICUA and Member Utilities:

It's that time of the year again to start planning for the Idaho Consumer-owned Utilities Association (ICUA) Annual Meeting and the 10th Annual PAC Fund Golf Scramble. The Golf Scramble will be held at the Boise Ranch Golf Course on July 22, 2014 with proceeds going towards the ICUA Political Action Committee (PAC) fund. Please join us by completing the enclosed Registration Form as this is an excellent opportunity to network and enjoy a round of golf with vendors, elected officials, and utility representatives.

I would also like to solicit your support by sponsoring a golf hole, lunch, or drinks. Signage with your company's name and/or logo will be displayed at the tee box of the hole you sponsor or at the registration table, in the case of a lunch or drink sponsorship. In addition, your company will be recognized in the Annual Meeting Program and during the Annual Meeting Banquet and Auction. Your sponsorship entitles you to an exhibition table in our vendor exhibition hall during the Annual Meeting if you choose to participate. (A separate registration form for the Annual Meeting will be mailed to you in the next few weeks.) Please consider a sponsorship and complete the enclosed Sponsorship Form. Your contribution would be greatly appreciated.

In the coming months and year, many important issues will be before Congress and the Idaho legislature that directly affect our member/consumers. The funds we raise during the Golf Scramble will help ICUA actively engage in the political process at the state and federal levels with our mission to promote safe, reliable, and affordable power for our member/consumers. Your support in the 10th Annual PAC Fund Golf Scramble helps make that a reality!

If you have any questions, do not hesitate to contact me at (208) 798-5201 (Office) or (208) 790-3740 (cell). Thank you for your continued support.

Best Regards,

ICUA PAC Golf Scramble Committee

K. David Hagen
Co-Chairman

p.s. We also encourage you to bring an item for our exciting live and silent auction during the banquet on the evening of July 23rd!
